

Back to School Math Review & Enrichment Sessions with Mrs. Fedak

For Incoming 7th & 8th Grade Students

I will be offering a summer math review and enrichment program to help students refresh important math skills before entering the next grade level. This program will consist of six sessions designed to help students feel confident, prepared, and ready for a successful start to the school year.

Session Dates

- July 21
- July 23
- July 28
- July 30
- August 4
- August 6

Times & Location

All sessions will take place in **Mrs. Fedak's classroom (rm 120)**.

- **Incoming 7th Grade:** 9:00 AM – 10:00 AM
- **Incoming 8th Grade:** 10:00 AM – 11:00 AM

Session Information

- Sessions will review important math concepts and skills from the previous school year.
- Students will have opportunities to practice problems, ask questions, and strengthen their understanding.
- The program is designed as a **6-session package**. Students may not register for individual sessions.
- Cost for the full 6 session program: **\$180**

Benefits of Attending

- Refreshes math skills after summer break
- Builds confidence before the new school year
- Reinforces foundational math concepts
- Helps students transition smoothly into 7th or 8th grade math

Topics May Include

- Fractions and decimals
- Integers and rational numbers
- Equations and expressions
- Ratios, proportions, and percentages
- Geometry and measurement
- Problem-solving strategies

Registration

If interested, please email kfedak@smsberea.org to reserve a spot.

I look forward to helping students feel prepared and confident for the upcoming school year!
