

Jump Start Math Summer Program

During the summer of 2026, there will be a summer math program offered to current third, fourth, and fifth grade students **entering fourth, fifth, and sixth grade in the fall**. The program will be topic based. Each class will be 1 hour long. Each class will have a max of 4 students. The classes will be offered on June 10, 15, 22, and 29. July 15, 22, and 29. August dates TBD. The cost of each session is \$35 per session per hour.

Students will be able to sign up for topics at their grade level or at the grade level they will be entering. More than one session can be signed up for in a day. I have posted the first link for signups for June 10th. I will continue to post each week's signup separately. The first signup is [SUMMER MATH PROGRAMS SIGN UP HERE](#)
