

St. Mary has been raising money through General Mills' Box Tops for Education Program for many years, but the Program is making a change and is going with the times by becoming more modern. They have recently launched an app to help supporters raise money for their schools.

Now, when you purchase products with a Box Top label, you can earn money by simply scanning your store receipt and choosing your school with the app. The app can be found by searching for "Box Tops for Education" on your device. Receipts must be scanned within 14 days of purchasing the qualifying products to get money into the St. Mary account.

We do realize this creates an extra step for parents; however, we hope we can still count on your support. Over the years the funds raised through Box Tops for Education has helped supply classroom supplies to all of our teachers. We appreciate your continued support.
