Letter To Parents Streptococcal and Viral Infections

To: SMS Parents
From: School Health Clinic
Date: 2/22/19
Subject: Streptococcal and Viral Infections

We are advising you that there has been a significant number of Streptococcal and Viral Infections reported at school. Reported symptoms include, but are not limited to: sore throat, fever, headache, stomachache and cough. If your child exhibits these symptoms, we urge you to keep your child home and seek professional advice from your child's physician.

Should your child develop a Streptococcal infection, he/she **MUST** remain home for at least 24 hours **AFTER** treatment is given or until symptom free. Please ask the physician for a statement for your child to return to school.

Should your child have a fever, they are not permitted to return to school for 24 hours. Your child **MUST** be fever free and without fever reducing medicine.

Thank you for your attention to this matter.
